

**Restore-X®**  
**EXTERIOR WOOD BRIGHTENER**  
**03Y505**  
**PRODUCT DATA SHEET**

**CHARACTERISTICS**

**Restore-X® Exterior Wood Brightener** is specially formulated to brighten and enhance the natural wood grain appearance to bring out the brilliance of the wood and its grain features. This is an excellent follow up product to **Restore-X® Exterior Finish Remover** or **Exterior Wood Deck Cleaner** to help restore the wood's pH. **Wood Brightener** can be used as a stand-alone product if the wood is clean and in fairly new condition.

**Wood Brightener** is perfect for decks, wood siding, fences, benches, planters, patio furniture, and other exterior wood surfaces.

**PHYSICAL PROPERTIES**

**Appearance**..... Yellow Color, liquid  
**Composition** ..... Citric Acid

**Stability** ..... Stable to 32° (0°C)  
..... If freezing occurs, thaw and stir product  
**Coverage**..... 150 –200 ft<sup>2</sup>/ per gal  
**Containers**.....3.5 oz. Powder  
concentrate and 1 & 5 gallon plastic pails  
**Flammability**..... Non-flammable  
**Solubility**..... Water soluble  
**Environmental**..... Biodegradable, Non-Toxic

**SURFACE PREPARATION**

It is recommended to use **Restore-X® Exterior Finish Remover** or **Restore-X® Exterior Wood Deck Cleaner** before using this product. Make sure surface is clean of pollutants. Dampen wood surface, but be sure to remove any standing water.

**APPLICATION**

Use at current solution. If treating mildly weathered wood, mist or dampen wood first, then remove any standing water from wood

surface before applying **Wood Brightener**. Generously apply by using a pump-up garden sprayer, brush, mop, or roller. Allow to remain on surface up to 20-30 minutes before rinsing. It is important that the wood remain wet to allow proper penetration. Mist wood with garden hose with a fine spray nozzle while product is working. After product has had time to work, thoroughly rinse wood with water.

**REMOVAL**

Simply rinse completely with high pressure from a garden hose or pressure washer. Thoroughly rinse plants and other surfaces near your project that may have come in contact with the product. Blotchy or uneven patterns on the wood may require another treatment. If treatment hasn't reached your desired brightness, simply re-apply. Rinse and allow to dry thoroughly before coating with solvent based protective finishes. Surface can be damp, but not wet when applying finishes like the **Restore-X® 02C Series Penetrating Wood Deck Finishes**.

**CLEAN-UP INFORMATION**

Clean spills and spatters immediately with soap and warm water. Clean hands, tools, equipment and clothing with soap and warm water. Use clean water to hose off any plants, shrubs or other vegetation that comes in contact with this product.

**CAUTION**

Keep away from children, pets and other animals. Protect from freezing. This product contains citric acid and other chemical ingredients. Adequate health and safety precautions should be observed during storage, handling, use and drying periods. Use with adequate ventilation. **Do not mix product with any other materials, detergents or any other additives.**
